Let's sing our Morning Song!

Good morning everybody,
How are you?

Good morning everybody,
How are you?

Here at Whitehawk today we will
learn and we will play,

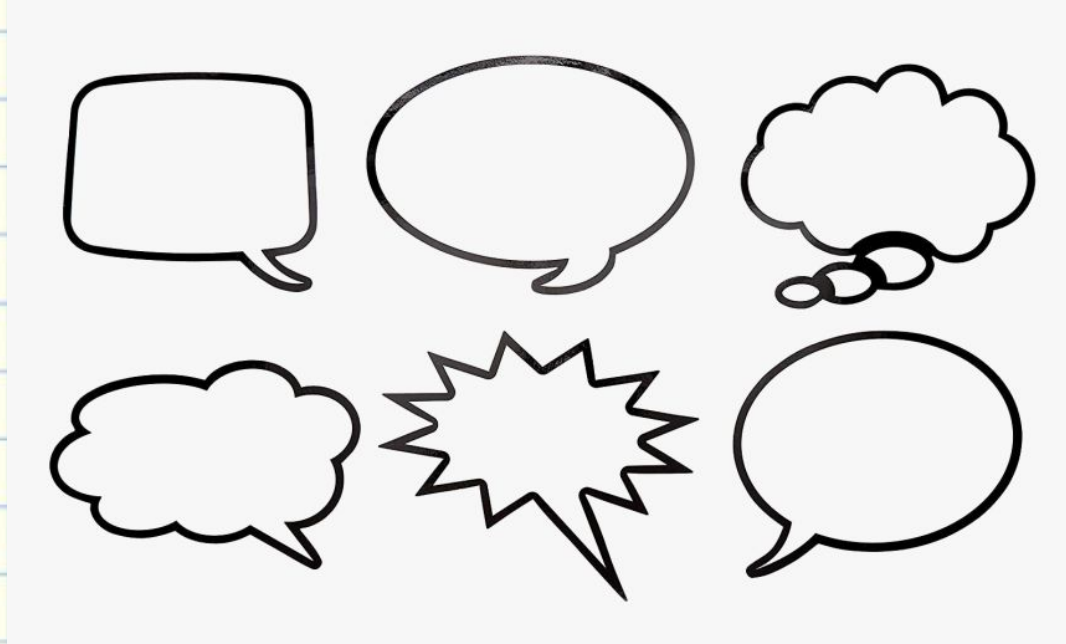

Good morning everybody,
How are you?

Let's say hello!

Do you have any news you would like to share?

Let's get warmed up!

We're going to be looking at these coins today. Let's name them.

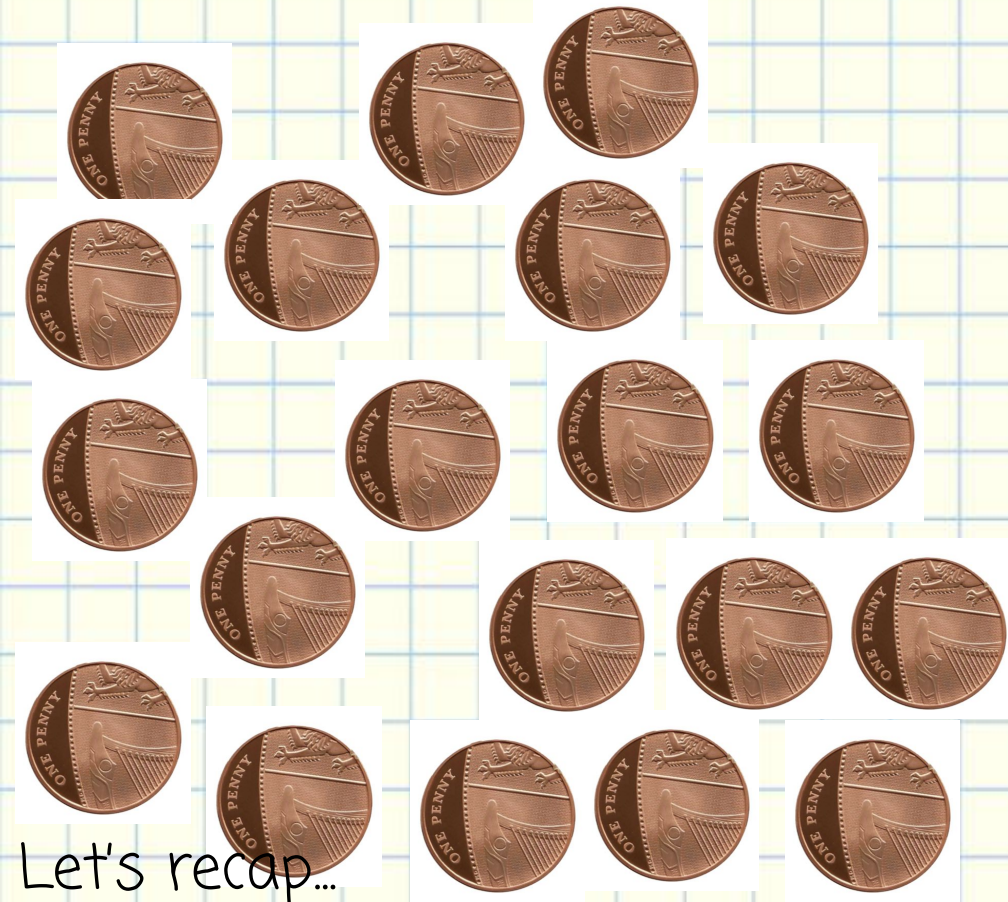

Why do you think we don't have coins for every number?

Let's recap...

If you carried around everything in 1p coins would your pocket get heavy? Would you have room in your wallet to carry all of the coins?

Let's recap...

That's why we have some coins. We can also use these coins to make amounts which there aren't coins for e.g. 3p or 15p.

Let's recap...

Today we're thinking about change. Have you heard these phrases before?

"I need to pay for parking. Have you got any change?"

"Keep the change."

"Here's your change. Thank you for shopping with us."

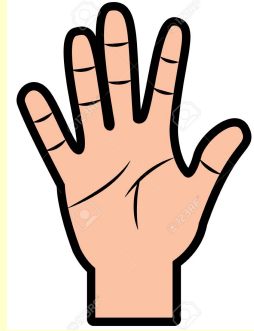

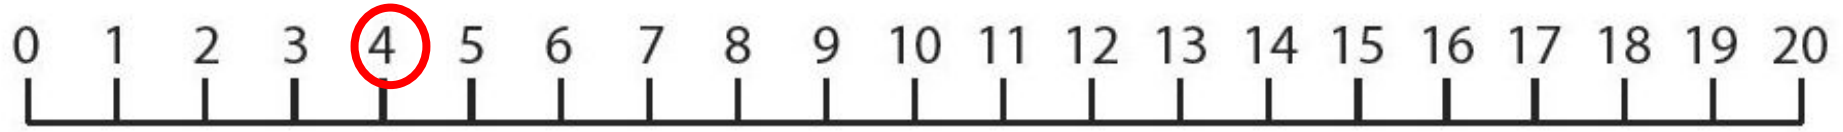

"I've run out of change. I'll have to pay by card."

Money - Change

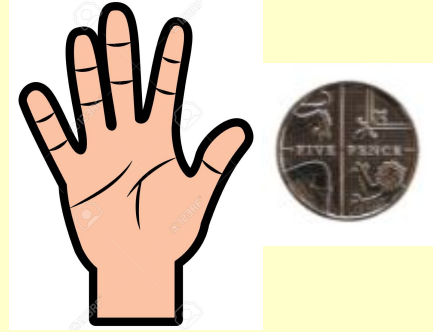

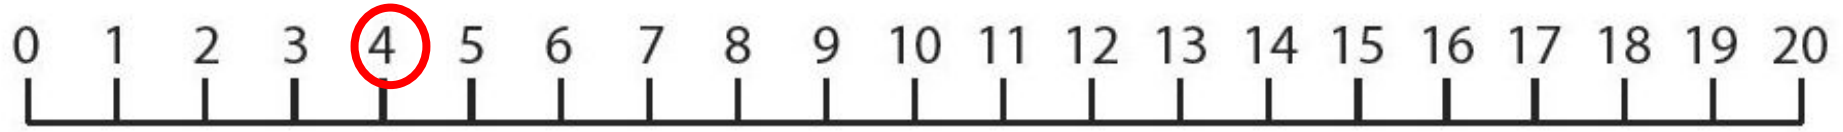

When talk about 'change' in terms of money we mean money that's left over from when we have bought something. Sometimes people call coins change too.

Let's practise giving change.

Giving Change:

In our lesson today we learnt about what 'change' means when we talk about money. We had a go at giving change in a sweet shop.

Can you have a go at working out the change for these amounts? Use real coins to help you. Ask you grown up to be the customer at your shop. What will you sell? Can you write a number sentence like we did today too?

The item cost...	The customer paid with...
6p	10p
2p	5p
3p	5p
7p	10p
